Sponsor a kennel programme

By donating AED 1000, you would be helping to maintain a dog and its kennel for a full year.

We receive help from our sponsors by way of food and medical treatments, but still, it is never enough. With so many dogs added to our records each month, every Dirham that comes to us is greatly appreciated.

When you participate in our 'Sponsor a kennel Programme', your name or a company name will appear on a board at a dog's kennel for a period of 12 months.

If you would like to help us financially by participating, please fill in the form, and kindly send it together with your payment to our office.
